FIRE STATION #4 SERVICES TO BE RELOCATED

(KILLEEN, TEXAS): The services and equipment for Fire Station #4, located at Skylark Field, will be relocated to Fire Station #3, located at 700 Twin Creek Drive September 19.

The move addresses underutilization of the station; its presence is no longer required by the Federal Aviation Administration and it has fielded only three calls in twelve months. Repositioning six firefighters to assignments previously completed through overtime will be more efficient and more effective.

Because Station #4 is located within the response area of Station #3, the closure will not affect Killeen's excellent emergency response standards or its superior ISO 1 rating.
